

Ebury For Netsuite

Seamlessly integrate
Ebury's capabilities
within NetSuite.

Ebury

● About us

Expanding internationally opens up many opportunities. We help you seize them.

At Ebury, we offer solutions and services to empower businesses to trade and grow internationally with ease by removing global barriers.

We combine our expertise with state-of-the-art technology to deliver high-impact and diversified solutions across three key areas: payments and collections, business lending and FX risk management.

Designed around your business

Whether you are a startup, a wholesaler, a financial institution or a retailer – we design integrated solutions by keeping your business needs and ambitions at the centre.

All-in-one place

Our platform puts you in control by giving you a 360-degree view of your overseas cash flows so that you can access it anytime and anywhere you want.

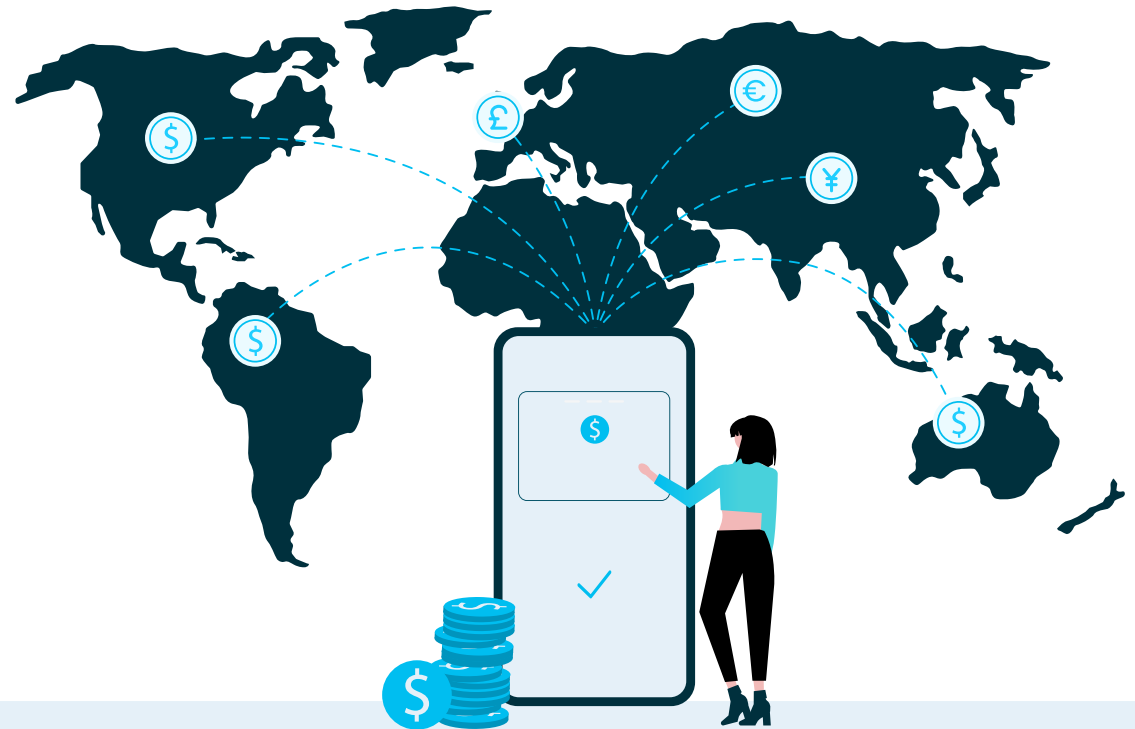

Unmatched capabilities

With innovative technology, global know-how and a customer-centric approach, we bring everything together to help you expand into new markets.

● Our journey

We are one of the fastest-growing global fintech companies.

Thousands of organisations worldwide use our solutions and services to simplify and support their global ambitions.

Started in 2009 over a cup of coffee and a passion for helping businesses stay ahead of the game, Ebury has achieved phenomenal growth, becoming one of the world's most trusted international trade services providers.

● Ebury for NetSuite

Automate your global transactions and reconciliations.

Save time, reduce manual effort and optimise your overseas cash flows from NetSuite.

Managing cash flows, reconciling transactions, and streamlining operations take time, resources and manual effort. But with Ebury, you can improve efficiencies from your existing NetSuite infrastructure with one quick integration.

Ebury on NetSuite enables companies to take advantage of an integrated solution offering international payments and FX risk management while streamlining their accounting processes.

● Our solution

One platform.
Zero admin.
Seamless automation.

No code required. Simple, easy and powerful NetSuite integration to help you automate workflows and scale faster.

Easy, fast and reliable.
No deployment or coding required.

99.99%
historical uptime

130+
currencies supported

100%
control on global cash
flows from NetSuite

Easy and secure
connection with
NetSuite

Access all your finances within NetSuite

Remain in full control as you pay, convert, track and manage all your global cash flows from NetSuite.

Reconcile easily

Automatically track and reconcile all account payables, including profit and loss – no need to manually input information and reconcile.

Reduce manual effort

Initiate all your payments directly from NetSuite and save time – without downloading batch payment files to upload in bank portals.

Automate reporting

Leverage better insights and make informed decisions for your business with automated reports and global finances in one place.

Get peace of mind

Check all the applicable fees before paying from NetSuite, making the whole process seamless and transparent – say goodbye to unpleasant surprises.

● Why choose Ebury

Why integrate Ebury with NetSuite.

Drive efficiencies by using NetSuite infrastructure to process payments

Review transactions

Approve and fund the transactions individually or in bulk to be paid with Ebury.

Select bills to pay

Easily select the bills you want to pay with Ebury from your NetSuite platform.

Manage and sync beneficiaries

Auto reconcile Ebury's beneficiaries with vendors located in NetSuite. Export files from NetSuite and use them to add as a beneficiary in Ebury Online, without any restrictions.

Automate reconciliation

Once you pay the bill with Ebury, it is automatically marked as paid in full, along with the realised FX gains/losses.

Initiate transaction

Automatically generate a new transaction to Ebury in your local currency.

Get quotes

Request an estimate directly from the Ebury Dashboard by selecting the buy and sell currency, the desired amount and clicking 'Retrieve Quote'.

Monitor your transactions

See the real-time status of all your payments with Ebury on the NetSuite dashboard.

● Connect with Ebury

How does it work.

Connect our capabilities with NetSuite in three easy steps:

1 Open an account with Ebury

If you are already using NetSuite, you can apply for an Ebury account using the link on the Ebury SuiteApp dashboard and open your Ebury account in a few hours.

2 Install Ebury on NetSuite bundle

NetSuite administrators can install the "Ebury on NetSuite" bundle directly from the NetSuite platform. Go to [Customisation > SuiteBundler > Search & Install Bundles](#).

3 Configure Ebury on NetSuite

The Ebury tab will appear on the top menu once the installation is complete. Follow the configuration process using the Service Description as a reference.

With Ebury, you can also access the Sandbox environment to test before installing it. This helps you integrate and launch capabilities on NetSuite with peace of mind and confidence.

Let's get started.

Integrating with NetSuite is simple and fast. Get in touch with your dedicated relationship manager for any assistance you need in setting up the Ebury plugin within Netsuite.
